### **ILCE REACHES OUT TO TOP MANAGEMENT**

ILCE main objective is to spread the knowledge of Lean Construction and its Applications to the Construction Industry.

ILCE recognises the fact that this is possible only if the TOP MANAGEMENT understand Lean Construction fully

and commmits themselves to its Applications in their respective operations .

ILCE,towards this,are keen to make a Capsule Presentation to the TOP MANAGEMENT in their own Corporate Cente.

*This is for the convenience for the TOP MANAGMENT to have the Venue in their own Head-Quarters or any other place they choose.*

The date of the Presentation will have to be mutually decided.

The presentation is FREE without any strings attached.

The Presentaion is open to all and not alone for Members of ILCE

The Presentation,at present ,is confined to Mumbai only
