(World Known Lean Construction Trainer and Practitioner)

- Chennai : 21st January 2013
- Delhi : 23rd January 2013
- Mumbai : 25th January 2013

Last Planner System :

Last Planner System was originally developed by Mr. Glenn Ballard & Mr. Greg Howell in early 1990s.

Within a short decade of existence it is made its mark as a highly collaborative control system which brought in a remarkable improvement of efficiency and predictability of performance in construction projects.

The system promises to break the general malaise in the Construction Industry, namely uncertainty of time and cost and thus improve performance dramatically.

The system is been extensively used in USA, Europe and Latin America.

Prof. Carlos outstanding achievement - Successfully Implemented “Last Planner System” in 100 Brazilian companies.

Brazil construction industry is similar to ours.

Prof Carlos will fully share his experience of implementation of Lean Construction and Last Planner in the workshop.

Take home from the Workshop:

- Knowledge of Lean Construction
- Last Planner System
- Technique of Last Planner System for immediate implementation in your construction site
