NEWSLETTER 16

JULY 1-15/2010

ILCE is to announce shortly **Forum Discussion on topics of Lean Construction** in various metropolitans.

Forum Discussion will be limited to 10 members so that reasonable conclusions will be drawn. Audience will however be welcomed and admission will be free.

Some topics chosen are listed below :

1. Reasons and solutions for Productivity of Engineers in Indian Construction Firms lower than International Construction Firms
2. What is real value added by PMG companies in Indian Construction Industry?  
Will PMG companies become obsolete in the future?
3. What is really Affordable Housing ?
4. Conflict Resolution in Indian Construction Industry – can there be an easier way/ways ?
5. Avenues of bringing Manufacturing Techniques in Indian Construction
6. Can Partnering Concept and avoiding Adversial Approach ever happen in Indian Construction Industry?

ILCE invites suggestions for more topics.

ILCE also invites participants for Forum Discussions.

***Adoption of Lean means Happiness in Construction.***
